><p>It was finally the spring vacation, a time for partying and relaxation. It was the time that everyone in the IS Academy has been looking for.<p>

Except for one male.

That male is Ichika, the first ever male IS pilot in history.

But back to the topic, normally, he would have been looking forward to 10 days of not having to put up with the daily physical abuse and school work. It was also the time when his friends were called in by their respective countries for some IS related business.

But why is he not so looking forward to the Spring break?

The reason as to why, is that he has a load of homework and overdue assignments, all of them assigned by his big sister-who-is-an-ever-frightening-demon-of-a-teacher.

Normally, Ichika is a smart guy when it came to school-related

subjects, but this is a whole different type of stuff. And it is expected of him to learn more than just the basics of the IS.

Fate isn't so kind on him because normally, a male didn't have to worry so much about the IS unless the male is an engineer. But in his case, since he is the first ever male IS pilot, he is expected to learn everything.

Right now, he just arrived back home, and headed straight to his room and just went straight to bed at 12:00 P.M. to try to relax for at least today before he gets to do any homework.

But his 'relaxation' time was cut short when he heard his phone ringing.

"Who is it now?" He asked himself annoyed.

But he decided to answer the phone anyway to see what's up.

"Hello?"

"Yo, Ichika it's me, Dan." The person who called, now identified himself as Dan spoke.

"Oh, hey Dan, what's up?"

"Nothing, I thought I'd call you to see how you're doing?"

"Oh, I see. I'm a little irritated." Ichika replied

"Really, how come?" Dan asked in confusion.

"Well, daily physical abuse, schoolwork, and mistreatment are just among a few things. Oh, I forgot to mention a butt load of homework and overdue assignments. I have it rough and I can't even relax for a damn minute." Ichika semi-ranted, trying to suppress his stress a bit since his friend has done nothing wrong.

"I see. Oh, I have an idea, why don't you come here? I gotta show you something." Dan asked.

"I appreciate it, but I can't go, I have a lot in my mind." Ichika declined.

"That's why I am asking you to go, I have something that can help you out with your problem." Dan cheered him up.

"For real?" Ichika asked with suspicion.

"Have I not ever lied to you before?" Dan asked back.

"All right, I'll be there in about 10 minutes." Ichika said in defeat.

"Awesome! I'll see you there." Dan said as both Ichika and Dan hung up.

_I have a bad feeling about this. _Ichika thought as he got up and left his home to go to Dan's house.

><p>Scene change: Gotanda Residence, 10 minutes later.

"Coming." That was the voice of a certain red heaired female approaching the door as she heard someone knocking.

"Iâ€¦ Ichika?" The female greeted, rather nervously.

"Hey Ran, is your brother here?" Ichika saluted, then asked Ran about her brother.

"Yâ€¦ yeah, he's here, come in." She said, flustered

"Thank you Ran." Ichika smiled at her.

"Iâ€¦ I'll take you to my brother, follow me."

"Lead the way"

So then, she took him to where Dan is, and it turned out that he was in a basement, Ichika was confused as to why he never found out about said basement, but he shook it off.

"Hâ€¦ here we are, if you need anything, I'll be in the restaurant." Ran said, flustered, and ran off before Ichika could say thanks.

So, he then knocked on the door, which immediately, it was open by his friend, Dan.

"Yo, Ichika. Great timing, come on in." Dan led him inside the room.

"So, what is it that you want to show me?" Ichika asked.

"Oh, I was about to get there, I'll bring it in a second, so please, go ahead and take a seat on the couch." Dan said while he went to take something out.

Meanwhile, Ichika looked around the basement. The room itself, looked nice, pretty retro, like the 60's. It was as though Dan got influenced by the American hippie culture. Decorated with lava lamps, colorful artwork, an old TV, and some vinyls from classic rock bands from the 60's the 90's.

"I see you like this don't ya?" Dan came back with something in his hand.

"Yeah, the room is pretty stylish for a 60's theme." Ichika admired the view of the basement room.

"I'm glad you liked it." Dan smiled as he handed something to Ichika.

"Uhmâ€¦ what is this?" Ichika asked confused, as he had a small white looking object that looked like there was something inside the folded paper.

"Oh, that my friend, is marihuana!" Dan stated.

There was brief silenceâ€¦.

.

.

.

.

"Mâ€¦ maâ€¦ maâ€¦ marihuana!?" Ichika asked, legitimately taken aback.

"Yup, this stuff actually helps you relax a lot." Dan stated as he lit his own joint.

"It smells weird." Ichika tried to avoid the smell.

"Don't worry, you'll get used to it." Dan told him as the smell was pleasant to him

"B... but, isn't this illegal?" Ichika asked.

"Not if you don't get caught." Dan stated.

"Iâ€¦ I don't know, it feels wrong to meâ€¦ I mean, I never did this before, and what if people find out?"

"Relax dude, no one is gonna find out. My parents don't care, and they even smoke sometimes." Dan reassured just so that he doesn't get scared or anything.

"Iâ€¦ I'm not exactly sure about this manâ€¦ Iâ€¦" Ichika tried to formulate a sentence, only to be interrupted by Dan

"Dude, you're stressed out, and it's no good for you to be like that, I know this will do more good than you think. Trust me." Dan reasoned with him.

But what if my sister ever finds out about this, and what if Iâ€¦. You know what? The hell with everything!

"I'll try it out. The hell with what happens later!" Ichika stated as Dan lit his joint. Then he proceeded to inhale it.

"That's the spirit I've been looking for dude!" Dan inhaled his own joint as well.

Ichika coughed a bit, which was expected, but as he inhaled, he got a little more used to it.

Initially, he didn't feel any different. But he would slowly feel better.

A few minutes later, he'd feel as if the weight he'd been carrying, had been lifted off his shoulders.

_Damn, this feels great. _Ichika thought as he was seeing his world

in a happy perspective.

"Dude, you were right, this is awesome!" Ichika said to Dan.

"I told ya, but here's the best part about getting high, some good music."

Dan chose a random song out of his playlist.

And the song of choice, **"Last Patrol" **by** Monster Magnet.**

><p>"So, what did you think, pretty dope, huh?" Dan asked Ichika.<p>

"Smooth." That was all Ichika could say as he felt heavenly good. "Play another song, dude. Please?" Ichika faked the puppy looking face that girls do when they want something.

"Hell yeah, let's go for another song." Dan said with a shit-eating grin of his own.

"Awesome!" Ichika said, while getting super relaxed.

"Oh, here's a good oneâ€¦" Dan said as he played this particular tune.

And this one is **Black Celebration** by** Depeche Mode.**

><p>"Sweet." Ichika said, as he felt his world going slower.<p>

"Yeah, I'm glad you enjoyed this." Dan said as he felt the same.

"We should do this often, don't you think?" Ichika asked.

"Hell yeah, and we should bring our friends over." Dan agreed

"I haven't seen Kazuma and Yuki for a while, I think we should call them sometime this week to hang out." Ichika got the idea as Dan did mention bringing friends over.

"Hell yeah, this is boys time." Dan said as he raised his fist for a fist bump.

"You said it better bro." Ichika bumped his fist into Dan's.

_Bestâ€¦ dayâ€¦ EVER! _Ichika thought as they kept smoking more weed while enjoying some good tunes.

><p>AND THAT IS ALL!

Pretty much a random thing, and some friendship interaction between Ichika and Dan. Plus I wanted to do a theme like this for a while now, and also, I always imagined Dan as a hippie-like character.

Well, I'll see you guys later,

Until then, take it easyâ€¦

SAYONARA, MIS AMIGOS!
